

ISLE OF WIGHT NEONATAL INTENSIVE CARE UNIT APPEAL

The Barely Born Appeal has been established to raise funds to help provide a new Neonatal Intensive Care Unit for the Island. The new unit will provide enough space for mothers and babies to be together, overnight accommodation for parents, a play area for siblings, increased cot capacity and much more.

Most importantly the new unit will be adjacent to St Mary's Maternity Department, so that mothers will no longer be separated from their sick babies. Barely Born events will be happening throughout the year. Details of these, and how you can help, support and raise awareness of the appeal, are on our website.

It's easy to make a donation to the Barely Born Appeal
